Message from Converus President and CEO

Converus CONNECT '21 Annual Conference Set for May 25-27

Hi,

Converus CONNECT '21, our rebranded annual conference, now in its seventh year, has grown to become the premier credibility assessment event. In the past, the conference was open only to Converus Service Partners. Now EyeDetect customers, credibility assessment experts, the press, and those simply interested in learning more about lie detection technologies are welcome.

Converus CONNECT '21 is where industry experts connect to be the first to hear about the latest, innovative technologies for accurately detecting deception and verifying truth.

Converus CONNECT '21 will be held virtually via Microsoft Teams on May 25-27, 2021. The conference is free of charge, but registration is required.

The structure of the event will include morning sessions in English and the same sessions repeated in the afternoon in Spanish the first two days of the conference. And the third day is reserved exclusively for Converus Service Partners.

With new technology announcements, customer success stories, technical product training and more, Converus CONNECT '21 will provide information beneficial to anyone that has anything to do with credibility assessment.

About Converus

Converus provides scientifically validated credibility assessment technologies. EyeDetect® detects deception at 86-90% accuracy in 15-30 minutes by analyzing eye and other behaviors. IdentityDetect® detects falsified identities at 91% accuracy in help 1-3 minutes by analyzing subtle variations in the somatic nervous system. These technologies help protect countries, corporations and communities from corruption, crime and threats. Converus is headquartered in Lehi, Utah, USA. Visit: www.converus.com
