April 2023

## Message from Converus President and CEO

### VerifEye Now Available in More Than 100 Countries

Hi,

VerifEye, the ground-breaking mobile app that accurately verifies truth in about 5 minutes via your mobile phone, is now available in over 100 countries. You can see the entire list [here](#).

The app is available from the App Store or Google Play. Now, virtually anyone, anywhere in the world can accurately verify truth for:

- Employment – Screen job applicants or monitor employee behavior.
- Identity – Validate a person's identity for financial services or online profile.
- Creditworthiness – Determine credit risk for client accounts, loans, or lines of credit.
- Claims – Verify the truthfulness of insurance claims, compliance with a treatment program, or to resolve allegations of sexual misconduct.

## Spanish Latin-American VerifEye Tour

In March we held VerifEye launch events in these locations:

- Mexico City, Mexico
- Monterrey, Mexico
- Guadalajara, Mexico
- Guatemala City, Guatemala
- Bogotá, Colombia
- Quito, Ecuador
- Lima, Peru
- Buenos Aires, Argentina

Event attendees were fascinated by VerifEye's ease of use. Meetings were scheduled with several large companies looking to adopt the technology. And several press stories were published (in Spanish).

This is just the beginning. An "official" U.S. launch is planned for later this year. In the meantime, if you want to be on the cutting edge of new technology, be an early adopter of VerifEye. [Contact us](#) for more information about VerifEye.

## New Service Partners

A warm welcome to our new Converus Service Partners:

- Grupo Schutzen (Mexico)
- Prospect Us (Mexico)
- Segasa (Dominican Republic)

We continue to attract the best of the best in the credibility assessment industry. (Want to become a Converus Service Partner? Click [here](#).)

Click your email "forward" button to send this email to others interested in credibility assessment. And please share industry news with us! We'd love to hear from you. Email: [info@converus.com](mailto:info@converus.com).

## Upcoming Events

### Free EyeDetect & VerifEye Virtual Training

The next virtual training dates will be announced soon.

We're exploring the idea of holding an in-person training and/or including demos and interactive sessions in the virtual training. Please help us by completing this [short survey](#).

## About Converus

Converus provides scientifically validated credibility assessment technologies. [VerifEye™](#) is the world's first mobile app to help organizations or individuals accurately verify the truth about a person — including background, identity, creditworthiness and claims — in about five minutes. [EyeDetect®](#), which detects deception by measuring involuntary eye behavior, is a fast, accurate, affordable, noncontact, scalable, and fully automated option to polygraph. [EyeDetect+](#) is the world's first automated polygraph, making the testing process impartial, accurate, and less intrusive (than a traditional polygraph). It assesses credibility by monitoring and recording ocular activity plus physiological activity similar to a traditional polygraph. Customers worldwide use the EyeDetect product line for screening and investigations to help protect countries, corporations and communities from corruption, crime and threats. Converus is headquartered in Lehi, Utah, USA. Visit [converus.com](#)
