

# Switching Sub Accounts on an EyeDetect Station

## NEED TO HAVE

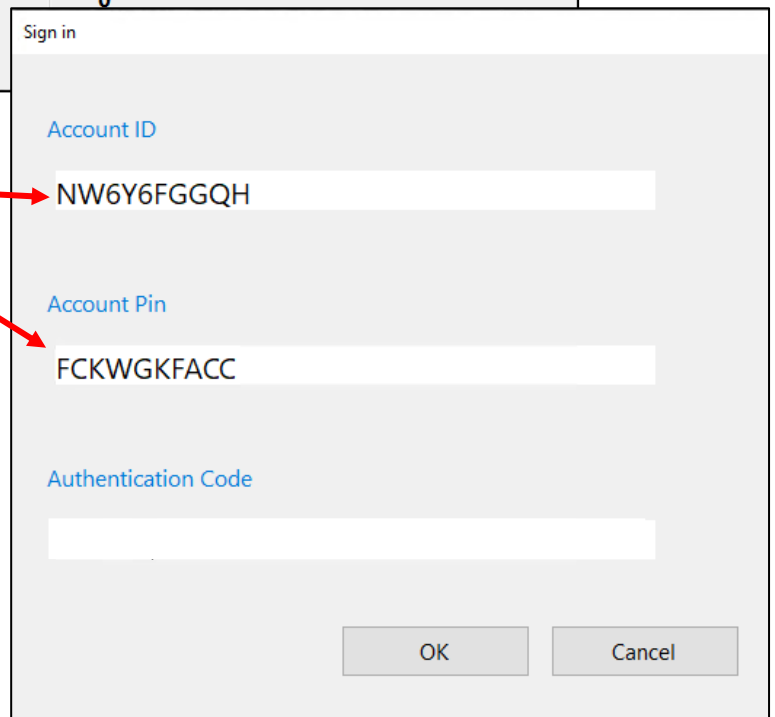

1. ID and PIN of desired subaccount
2. Phone setup with google authenticator for desired subaccount

## INSTRUCTIONS

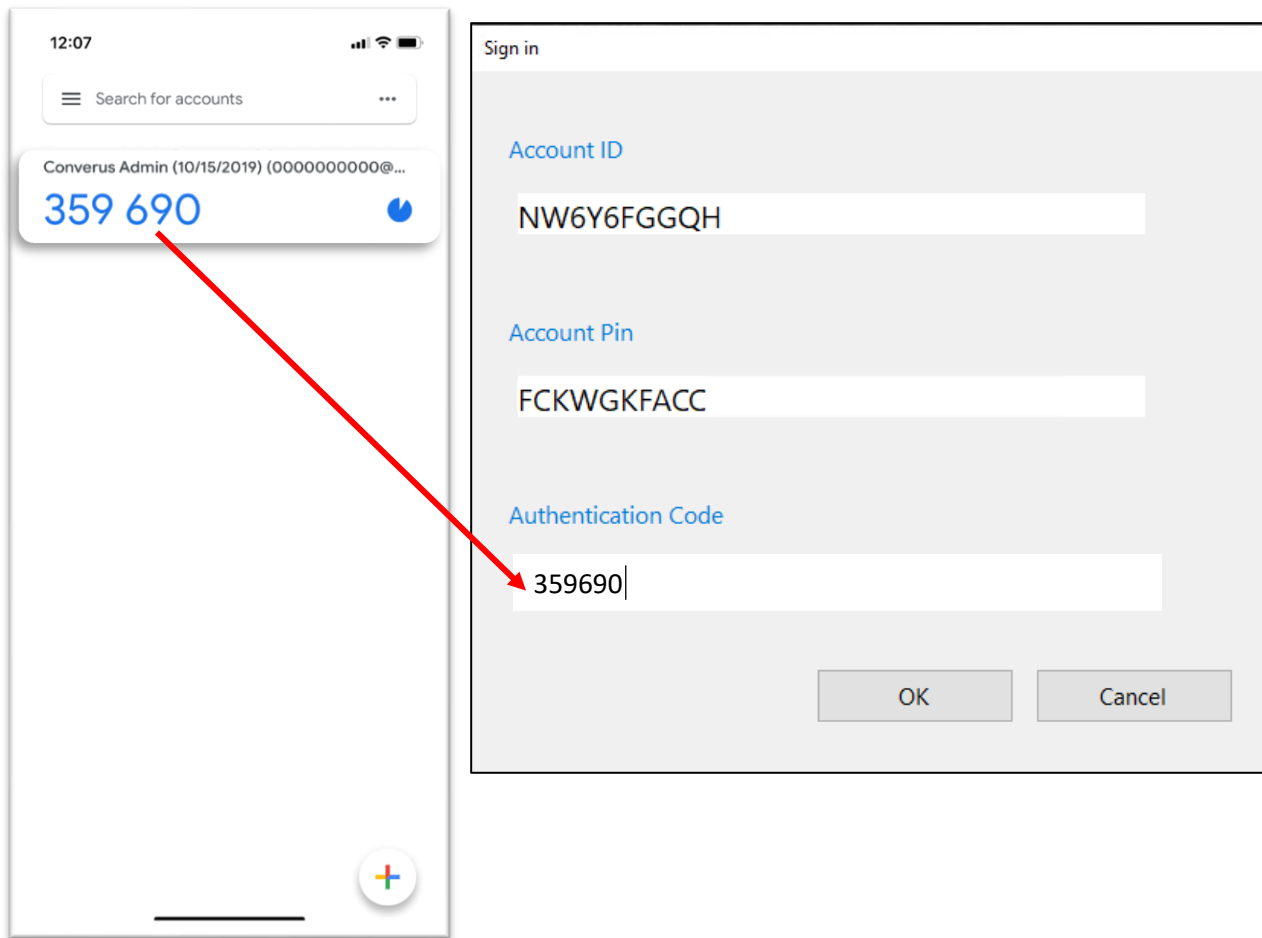

1. Turn on Station and login (password: 11223344)
2. Open EyeDetect Admin- icon on desktop
3. Select **Account** then **Sign in**

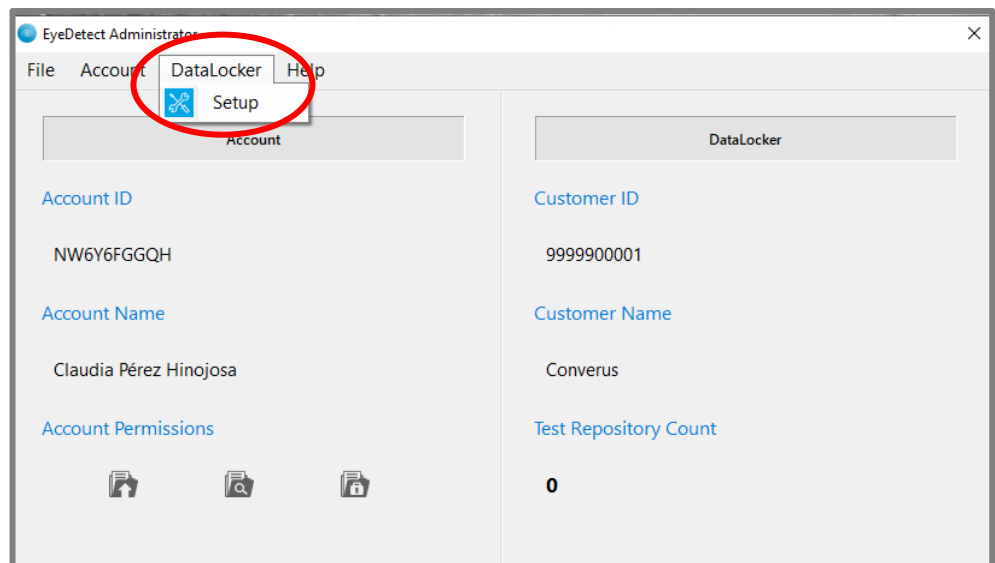

4. In Sign in window enter the ID and PIN of desired sub account.

5. Go to google authenticator app on phone and find code for Converus dashboard. It is an ever-changing number. If it is red, wait for it to change and turn blue. Enter that number into the **Authenticator code** field and click **OK**.

6. Back in main EyeDetect Admin screen select **DataLocker > Setup**.

7. Select desired sub account from dropdown and click **Start**. Progress bars will appear after which it will be done, and the new account configured to the Station.
